Juan Ibarra and Damon McElroy are both cleared to deploy in response to the Gold King Mine Spill, as they meet all of their H&S requirements at this time.

Tonia Biggs and Miguel Moreno have both completed the required training, but must visit the FOH Clinic as soon as possible to accomplish a pre-screening examination. I sent the required screening form in a previous email. Please have them complete the form and bring it to Nurse Mike tomorrow. Once they have completed their pre-screening exam, Tonia and Miguel will be cleared to deploy.

Please let me know if you have any questions or concerns.
